Getmomo Financial GmbH | Oranienstraße 6 | 10997 Berlin

getmomo

Momo-Deposit-Protection
Fair, Simple, and Transparent

Now available with your landlord

You decide what to do with your money.

We are here to help.

And this is how it works:

As the market leader headquartered in Berlin, our service is available for you across Germany.

Your significant advantage: You do not have to pay a cash deposit. Instead, you simply use our security deposit substitute.

In the case of a claim by your landlord, e.g. for rent debts or damages, the partner bank will pay out the required amount on first demand, up to a maximum of the deposit amount. Subsequently, the bank will settle the open amount with you.

And best of all, you can also use our service as an existing tenant to convert your cash deposit, e.g. to offset your high utility bill.

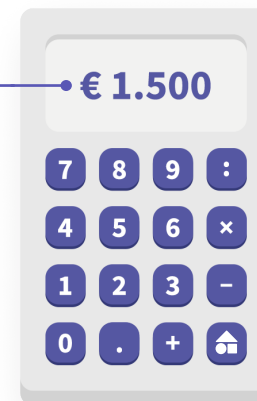

So that nothing stands in the way of an easy move-in experience.

You can easily calculate your approximate fee for getmomo:

Your fee = 5,5 % × your deposit*

Example:

With an average deposit amount of _____

your fee per month is only **€ 6,88**.

No minimum fee compared to all other providers in Germany.

*Maximum deposit amount €15.000, monthly payment for all deposits up to €6.000 available

You are backed by our strong partners by the financial industry

Here you can find all additional information regarding our deposit product:
